

Easy Art Instructions

Use the provided paper and these 5 easy steps to achieve beautiful products and lasting keepsakes!

All artwork will be captured "AS IS". We cannot be responsible for remaking custom products if the Art Instructions are disregarded. Thank you!

USE:
markers
crayons
tempera paint
intense watercolors
oil crayons
paper collage

TIP: If using skin or flesh tones, please be sure they are as heavily colored and as opaque as possible.

Your border can be a solid color or a design. Borders should be at least 1" thick. Please do not print your name or date within the border.

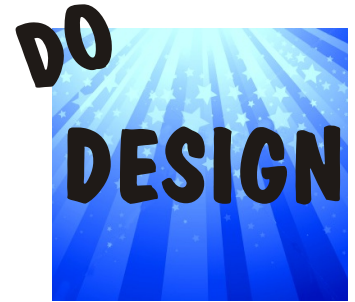

TIP: During the product printing process, some slight cropping may occur. If creating a paper collage, please trim away any excess paper that hangs over the edge.

Write your signature and/or date at least 1" from the artwork edge, or incorporate it into the body of the picture as shown below.

TIP: Special artwork details or text could be partially or completely cropped from the finished product if this important instruction is ignored.

Keep themes simple and **FILL THE SPACE...**

TIP: If you can easily see your artwork from across the room, then you will be very pleased with the finished result once it is applied to a product. Erase all unwanted marks, pencil lines and smudges, as these will show up on the final product.

DON'T USE:

Colored pencils, lead pencils, gel pens, glitter pens, fluorescent paints, fluorescent/brite/highlighter markers, three-dimensional objects, metallics, abrasive materials or copyrighted and/or trademarked photos or materials. Artwork created using these materials will be returned unprocessed.
