The Process

About our reproduction process ...

In our process, we do not change or modify artwork.

- We capture the entire 8.5" x 11" artwork, including any white space, and reproduce it proportionally on each product. We can not "zoom in" and expand the size of an image.

- **Details closer than 1" to the edge can be cut off during production.**

This varies on each product. Please keep artwork details away from the artwork edge.

- Artwork that is too light or too small will appear that way on the products.

- Colors may vary slightly between products. This is normal due to differences in materials and printing processes (for example, ceramics, paper, and fabric)

About our products ...

- Most products* are available in horizontal or vertical orientation.
- Product pricing can be found on a separate letter included in your packet.
- We reserve the right to substitute products of equal or greater value.

**Multi-Use Travel Tumbler & Pendant Necklace - images printed VERTICAL only*
