Student *labels*

To ensure that we have the proper student data setup for your school's gallery, we create a student label from the information that you provide. **Each student artwork requires a label** before it can be uploaded to your Online gallery. - .csv
- .numbers (mac users)

Information required

- Student First Name

- Teacher
- Grade/Class

Preparing the information to send

- Please include all students/grade in one (1) list.
- Each grade/class should follow the next one in order.

gallerylabels@originalworks.com
- Include your school name in the subject line along with "label file" ie: *Caldwell Elementary label file*

Art Instructions

Creating GREAT art is the first step to a successful program. Please review our art instructions and share with everyone that will be involved in the creation process.

Choose these for your project

Markers
Tempera or Acrylic Paints
Crayons (press hard)
Paper Collages
Photos
Bold Intense Watercolors
Black Marker for outlining

These create the best results

Do NOT use these

These will NOT be processed:

Glitter of any kind
Abrasives (sand, salt, etc.)
3D materials
Scratch art/Scratch board
Copyright/trademark items

We highly recommend not using these:

Chalk* (must be sprayed)
Oil Pastels/Cray Pas* (must be sprayed)
Colored or lead pencil (too light)
Fluorescent, Neon & metallics (do not reproduce true to color)

Paper:

 **All paper should be 8 ½" x 11"**. We recommend a paper weight of 60-70#

 Construction paper often does not reproduce true to color. Blues can look purple, blacks can be green, etc.

Copyright:

We cannot accept copyright images, due to copyright laws

This includes: images, logos, brand names, emojis, video, cartoon & anime characters, stickers, magazine and newspaper prints. If you are unsure we recommend you do another project.

Please Note!

 We capture the entire 8.5" x 11" artwork and reproduce it. Slight cropping occurs during manufacturing.

 All artwork submitted is captured "as is." We cannot be held responsible for remaking custom products if art instructions are not followed.

Art Tips!

Rub your hand across the artwork. We will not process them if:

 Color comes off or it feels sticky or scratchy

 There is glitter or chalk

Hold the artwork across the room. Can it be seen clearly?

 Yes - Great! Your art will reproduce well.

 No - Darken areas that are too light to be seen. Outline details with marker.

Fill the entire art paper. Don't create unfinished drawings.

Keep names, dates and important details 1" from edge. **Cropping can occur during reproduction**

Secure all pieces of collages to ensure they don't fall off.

Add a 1" border to keep details from edges. Erase pencil guides.

Do not create thin or uneven borders.

Use bright, vibrant colors. Pencil and lightly colored art will appear washed out on products.

*Chalk & Oil Pastels

If you do choose to use them, please do so with caution and they **MUST be sprayed with a fixative such as Krylon #1311 Matte Fixative**. *If they are sticky, or color comes off on your hands, they will be returned unprocessed.*

Create art that sells!

- ▲ Skin tones must be heavily covered and opaque as possible
- ▶ Recolor & repaint any lightly colored areas
- ▼ Erase unwanted marks, pencil lines and smudges
- ▼ Trim excess paper that hangs over the edge of the paper
- ▲ Consider using a black marker to outline details
- ▼ Have artists sign and date their masterpiece (use our Signature Template to avoid the edge)

Completing the project

✔ Identify the artwork

- ✓ **Using pencil** - write the artist's first and last name, teacher and grade on the **BACK** of the artwork
- ✓ Applying labels? Apply the label to the **BACK - TOP** of the artwork **after** the artwork has been completed

✔ Artwork orientation

- ✓ **Using pencil** - place a "T" on the **BACK - TOP** of the artwork to ensure proper orientation

Scan phase

Once students have completed their masterpieces, it's time to create your Online Gallery.

1. Artwork

- Verify that the artwork has the correct student label affixed to the BACK
- Mark the orientation. Place a "T" on the back to indicate the TOP of the artwork
- Please follow the art instructions and ensure the art being submitted complies.
- **Missing Student Label**
- If any artwork is missing it's label, please complete the New Student Label form and email to: gallerylabels@originalworks.com
- In pencil, write the student name/grade/teacher on the back & place in a separate folder

2. Organize

- Organize artwork in folders by class & grade (your artwork will then be packed the same way for easy distribution)
- Please put any art that needs to be labeled together in a folder at the front of the stack

3. Shipping

- Complete Shipping Form G & return with artwork
- Using the provided prepaid UPS label, send to Original Works
- Bring the package to any UPS shipping center location

 *for safe travels, put all of the artwork folders into a large plastic bag*

Please note: Any artwork that does not follow our art instructions will be returned and will not appear in the Online Gallery. Once your Gallery is created, we are unable to add additional pieces of artwork.

Order phase

- Distribute flyers to your students to take home to their families. The flyers are custom for each child. Be sure that they receive the correct one to take home.

3. Manual/Paper Orders

- A Manual Order Form is available for families who are unable to order Online and/or for students who did not submit artwork during the scan phase but still wish to order.
- Collect the Manual Order Forms (and artwork if it was not submitted during scan phase).
- Complete Shipping Form M and submit everything to Original Works.

 **Please note:** Manual Orders must be shipped to arrive at least 2 days before the Deadline Date for Online Orders. Orders arriving after will ship with your Additional Orders.

Customer service

Although we thoroughly inspect all orders before shipping, occasionally a less than perfect order gets through. We call this a "Fix-It". If it happens, our Customer Service team is ready to assist!

1. What is a "Fix-It"?

- If the order/product meets one or more of the following criteria:
 - ★ Material defect: broken mug, chipped tile, hole in towel etc.
 - ★ Incorrect product: ordered a magnet and received note cards
 - ★ Improper reproduction: artwork is upside down or the wrong image
 - ★ Missing product: you were invoiced for a product but never received it.

2. Shipping Form F

- Please complete ALL the information and return to Original Works. We will process your Fix It and ship it back to the school.
- If you do not need to send the artwork, you can email the form to lawfi@originalworks.com

★ Do we need to send the original artwork back?

★ YES:

- ★ Color quality issues
- ★ Image blurriness
- ★ Incorrect image

★ NO:

- ★ Item is missing
- ★ Item is damaged
- ★ Incorrect item made

3. What is not a "Fix-It"?

- We produce Artwork "As Is", and do not modify the artwork in anyway.
 - ★ Examples include:
 - ★ We cannot remove pencil lines or ink that has come thru from writing on the back of the art
 - ★ The entire 8 ½" x 11" piece of artwork is captured. This means:
 - ★ If there is a lot of empty or white space on the paper, there will be a lot of empty or white space on the product
 - ★ A small drawing will be a small image. We do not "zoom in" or crop to the image
 - ★ The image on the product is reproduced in proportion with the product it's on.
 - ★ Details missing that were drawn 1" or closer to the edge
 - ★ Images appearing too light or too small on a product

Please review and follow Art Instructions. We can not be held responsible for redoing products that do not comply with our stated art instructions.

4. Image Retention

- Original Works keeps images on file for a fixed period of time. If you are submitting a Fix-It after the dates listed below, you may be asked to provide the artwork
 - ★ Fall Programs: March 1
 - ★ Spring Programs: September 1

Questions & answers

Still have a question about the program? We've put together the most commonly asked questions and answered them here. If you still have a question, contact our Customer Service Team

What happens if a parent misplaces their Ordering Instructions?

Original Works retains all of the data in a spreadsheet. You will receive this spreadsheet via email so that you have it as a reference during the course of the program. With a quick call to our Customer Service Team you can also obtain this information so the parent can complete their order.

What if a student has more than one artwork they would like to submit?

Due to space constraints, **we only allow one artwork in the gallery per student.** If a student has more than one artwork that they would like to order from, they should select the artwork they would like posted in the gallery (affix the label to the back and send to us) and place their Online order using that artwork. The second artwork could then be submitted to us separately as a manual order. ***Please note** that when submitting a second artwork as part of a Manual Order, do not use the Student Code that was assigned to the first artwork. We will assign a new code to the artwork when it is received.

What if a student misses the deadline for uploading artwork to the gallery?

If a student misses the deadline for uploading their artwork to the gallery, their image will not appear in the gallery. They may still participate in the program by submitting their artwork with a manual order during the order phase of the program.

What if I need to submit additional labels for students who arrive after the program has started?

If you are ready to submit your artwork and find you require additional labels, please complete the New Student Label Form and email it to gallerylabels@originalworks.com. Place the artwork in a separate file folder marked "Needs Labels" and send it with the rest of the labeled artwork. We will generate the labels and affix them to the artwork prior to processing. Please do not assign a number to these artworks.

What happens if artwork is changed after it is uploaded to the gallery?

All orders placed Online will use the artwork images found in the gallery. If a student has changed their artwork (i.e., added a name, date or some other change to the artwork) after the gallery setup was completed, **we can not go back and re-upload changed artwork to the gallery.** Families should submit their changed artwork with a manual order form. ***Please note** that when resubmitting artwork as part of a Manual Order, do not use the Student Access Code that was assigned to the first artwork. We will assign a new code to the artwork when it is received.

A student received two Ordering Instruction Flyers – one had no image and the other had their complete data. Why did this occur?

When a student receives two Flyers, it means their student data was in our system twice. The most likely cause is that data for that student label was submitted twice (i.e., perhaps the student changed classes or had incorrect data on the first submission, etc.) so we had more than one student record in the file. Since a Custom Brochure is generated for each student listed in the file, when a student is listed twice in that file, one Custom Brochure will print blank, while the other will print with the child's artwork. The blank Custom Brochure can simply be discarded.

A family is having trouble ordering online. Is there another option besides the manual order?

Our Customer Service Team is standing by Monday-Friday from 8am - 4pm EST and happy to take orders over the phone. Customer Service can be reached at 518-584-9278
