

TROPICAL PARADISE

Grade: 6

Class time: 2 sessions

MATERIALS: heavy white paper
scratch paper
pencils
erasers
bright colored tempera paint
black markers (fine & ultra-fine tips)
photographs of tropical scenes
examples of project

Please consult our
Detailed Art Instructions
for complete details and
recommendations on
artwork creation.

TEACHER INPUT:

- Provide examples of project and photographs of tropical scenes
- Discuss colors in tropical scenes - warm and cool colors, variety of vibrant colors and the variations in the shades of green
- Discuss the three parts the scene should include: foliage, water and sky
- Encourage students to mix colors and use a variety of bright colors in their scene

PROCEDURE:

1. Have each student look through photographs and come up with ideas for their paradise scene. Students should use their imagination in creating their masterpiece.
2. Create a paradise scene on a practice sheet of paper.
3. Transfer the scene to the heavy white paper.
4. Mix tempera paints and paint the scene. Let dry.
5. Outline the whole picture with black marker, using either the fine or ultra-fine tip depending on the level of detail.
